

CZECH MOBILITY CENTRE
ACADEMY OF SCIENCES OF THE CZECH REPUBLIC
CENTRE FOR ADMINISTRATION AND OPERATIONS

Dear Sir/Madam,

In the framework of the European funded E*CARE project, the Centre for Administration and Operations of the Academy of Sciences of the Czech Republic would like to invite you to participate in a survey. The objective of the survey is to collect updated data regarding the existing mobility obstacles researchers face while studying or working abroad, either those obstacles being legal, financial, cultural or other. Collected data will be analysed in order to propose viable solutions to national authorities and the European Commission aiming at erasing existing obstacles and promoting the European career of researchers by creating a more favourable research environment in Europe. Since launching the European Research Area in 2000, the European Commission acknowledges the importance of mobility as an indispensable element for acquiring knowledge and new skills.

We, therefore, kindly ask you to participate in the survey by completing the attached questionnaire. Your participation is valuable in order to map the current problems and mobility trends and contribute to the establishment of an open European Labour Market for Researchers. It is estimated that you need maximum 10 minutes to complete the survey questionnaire.

Please respond to this survey by 1/12/2008 at the latest to the email address:
